3/30/64

- Q1 Envelope postmarked "SEATTLE, WASH. 28 27 FEB 1964" bearing handwritten address "Senator Goldwater, From Arizona, the White House Washington D. C."
- Q2 Accompanying sheet of ruled paper bearing handwritten message beginning "Senator Goldwater - You old war monger..."

- Q4 Accompanying sheet of ruled paper bearing handwritten message beginning "Robert McNamara you old war monger..."

Result of examination:

Q1 through Q4 were searched in the Anonymous Letter File without effecting an identification. Copies have been added to this file for future reference.

It was concluded that the questioned handwriting in blue ball-point pen ink on Q1 through Q4 was prepared by one person. Specimens Q2 and Q4 bear the watermark "HY TONE". This watermark is registered for the Western Tablet and Stationery Company, St. Joseph, Missouri. No indented writing or other physical characteristics were noted in Q1 through Q4 by which the source of these specimens could be definitely determined.

Q1 and Q4 have been photographed and are retained in the Bureau.

Reference is made to memorandum from Mr. DeLoach to Mr. Mohr dated 3-26-64, captioned, "Unsub; 83 1/2 Main Street, Room 224, Seattle, Washington," advising of a letter received in Senator Goldwater's Office of a threatening nature.

Late on the afternoon of 3-26-64, the Director, Security Service, Office of Secretary of Defense, furnished through liaison a letter of a threatening nature to the Secretary of Defense. This latter letter, as was the one to Senator Goldwater, was sent from Seattle, Washington. Cursory examination indicates they may have been prepared by the same subject.

Seattle Office has been instructed to conduct investigation, and the Laboratory and Identification Division will conduct appropriate handwriting and latent fingerprint examination.

ReBuairtel to Seattle, 3/27/64.

The following is a brief summary of information developed to date in this investigation.

The McNAMARA letter bears the return address of 77 Washington Street, Seattle 4, Washington, Box 33. Seventy-seven Washington Street, Seattle, is the address for the Lutheran Compass Mission, a welfare agency located on the Seattle skid row. However, inquiry at this agency reflects there is no Box 33 at this address and there are no numbered boxes of any kind.

The GOLDWATER letter has the return address of 83½ Main Street, Seattle 4, Washington, Room 224. This is the address for the Our Home Hotel; however, there is no room 224 in this hotel. The highest numbered room is 51.

Current and recent guests at the Our Home Hotel were discussed with hotel officials and attention has been focused on ROBERT ANTHONY COLLINS, FBI Number 459 961B. COLLINS was thrown out of the hotel in February, date unknown, for attacking and beating the hotel manager and for other erratic behavior.

Attached is a letter postmarked Seattle, Washington, February 27, 1964, to Senator Barry Goldwater (R-Arizona), which letter was made available to Kemper in my office by [redacted] Administrative Assistant to the Senator.

[redacted] said that the Senator did not want to get embroiled in this matter and that if the subject is identified, he would prefer he not be interviewed until we could determine his background and then make a decision.

[redacted] said further that Senator Goldwater is going to be in the north-western section of the country within the next several weeks and there would, of course, be no objections if the Seattle Police Department knew about this letter on a confidential basis. It is noted that the letter refers to "hot lead" and "We must kill you and get you out of the way."

RECOMMENDATION:

Recommend this memorandum with attached letter be forwarded to the General Investigative Division for further action.

Enclosed herewith are three copies of a letter and envelope directed to Senator Barry Goldwater (R-Arizona) postmarked at Seattle, Washington, 2-27-64. The return address on this envelope is 83 1/2 Main Street, Seattle 4, Washington, Room 224.

Also enclosed are three copies of a letter and envelope addressed to Robert S. McNamara, Secretary of Defense, bearing a postmark of Seattle, Washington, 3-13-64. The return address on this envelope is 77 Washington Street, Seattle 4, Washington, Box 33.

From a review of both letters, it is noted they were both written in ink and cursory examination tends to indicate that both letters were written by the same individual. It is further noted that the general contents of both letters bear a marked similarity.

The letter addressed to Senator Goldwater was made available to the Bureau by an administrative assistant to the Senator on 3-26-64, and the letter to Mr. McNamara was furnished to the Bureau by the Director, Security Services, Office of the Secretary of Defense on 3-26-64.

Senator Goldwater's Office advised that Mr. Goldwater would be in the northwestern section of the country within the next several weeks and advised there would be no objection of the Seattle Police Department being apprised of the contents of his letter on a confidential basis.

The following is the results of the initial
examination of the threatening letters in this case by
the FBI Laboratory:

Specimens received 3/30/64

- Q1 Envelope postmarked "SEATTLE, WASH. 28 27 FEB 1964" bearing handwritten address "Senator Goldwater, From Arizona, the White House Washington D. C."
- Q2 Accompanying sheet of ruled paper bearing handwritten message beginning "Senator Goldwater - You old war monger..."
- Q3 Envelope postmarked "SEATTLE, WASH. 28 18 MAR 1964" bearing handwritten and hand printed address "Robert McNamara, White House Washington, D. C."
- Q4 Accompanying sheet of ruled paper bearing handwritten message beginning "Robert McNamara you old war monger..."

Result of examination:

Q1 through Q4 were searched in the Anonymous Letter File without effecting an identification. Copies have been added to this file for future reference.

It was concluded that the questioned handwriting in blue ball-point pen ink on Q1 through Q4 was prepared by one person. Specimens Q2 and Q4 bear the watermark "HY TONE." This watermark is registered for the Western Tablet and Stationery Company, St. Joseph, Missouri. No indented writing or other physical characteristics were noted in Q1 through Q4 by which the source of these specimens could be definitely determined.

Q1 and Q4 have been photographed and are retained in the Bureau.

SE 9-1023

By communication dated March 31, 1964, the Latent Fingerprint Section of the Identification Division advised that no latent prints of value were developed on the specimens in this matter.

On March 28, 1964, [redacted] Lutheran Compass Center, 77 Washington Street, Seattle, Washington, advised that his Center is a Welfare Agency, located on the Seattle skid row, however, there is no Box 33 at this address and no numbered boxes of any kind. He stated there are no numbered rooms in the building. [redacted] advised that the Center furnishes free meals and lodging to frequenters of the skid row and that most of the people staying at this center are on a transient basis. He stated the lodging consists of beds in two large dormitories. [redacted] stated that the center does furnish stationery and envelopes to anyone requesting these items. [redacted] made available samples of this stationery, which is white unlined paper.

On March 28, 1964, [redacted] Our Home Hotel, 83½ Main Street, Seattle, Washington, advised that this hotel has no Room 224. He stated the highest numbered room is 51.

b6

He has had [redacted] at the [redacted] Main Post Office since 1951. He explained that he is a [redacted] [redacted] and works out of his home at the above address. Now the Post Office Box is used mainly for business mail.

[redacted] advised that he is not aware of anyone using his Post Office Box as a return address and that he never has had any undelivered mail bearing this return address returned to his box. He stated that approximately one year ago, however, his box was broken into. He stated that he discovered the lock had been forced and that the mail in the box all had been opened and apparently examined. The contents of each letter, however, were replaced and it is [redacted] opinion that someone apparently was looking for checks.

b6
b7c

FRANCIS JAMES ROGERS was suggested as a suspect in this case by Special Agent [redacted] Secret Service, Seattle for the reason that in September 1964 ROGERS sent a postcard to the Chief of Police at Sayre, Pennsylvania in which he made a threat against the life of President LYNDON B. JOHNSON. The postcard was postmarked at Seattle, Washington.

Francis James

Wash
Background information on ~~ROGERS~~ in Secret Service files reflects that he was born July 8, 1922 at Sayre, Pennsylvania. He is described as a white male American 5'10" tall, 250 lbs., and a transient. He has been employed as a seaman. He had military service during World War II and has Veterans Administration # C3049662. His Veterans file is located at Wilkes-Barre, Pennsylvania. He is considered mentally ill. In connection with his threat against the life of the President, a warrant was issued on October 6, 1964 at Scranton, Pennsylvania charging a violation of Section 871, Title 18, US Code.

Records of the Lutheran Compass Mission, 77

SE 9-1023

Washington Street, reflect that ROGERS resided at this mission from June 4, 1964 until September 18, 1964. On June 3, 1964 ROGERS made application for residence at this mission and executed an application form. A copy of this form which has ROGERS handwriting was forwarded to the Laboratory by letter dated January 29, 1965. It will be noted that his known residence in Seattle covers the period in which the RUSK letter, the CARROLL letter, and the STEVENSON letter were mailed at Seattle.

Investigation Seattle reflects return address on undated letter addressed to ADLAI STEVENSON is the address of the Compass Center Lutheran Mission, which is in the heart of the skidroad area of Seattle and is the main place of assistance to homeless men and winos. A thorough search of the records together with contact with employees of this mission fails to produce any clue as to the identity of Unsub. It is of note that the letter addressed to ROBERT S. McNAMARA postmarked at Seattle on 3/18/64, had the same return address of the Compass Lutheran Mission. H

The latest letter has been discussed with the Seattle Police Department, and no logical suspects have been developed.

Investigation continuing.

ReBuairtel 3/5/65.

On 3/5/65 the office of Senator Thomas H. Kuchel of California furnished to the Bureau a letter addressed to Senator Kuchel postmarked 2 February, 1965, at Seattle bearing return address on the envelope of Jack Monahan, 77 Washington Street, Seattle 4, Washington. This letter, handwritten in ink, from its tenor seems to be similar to other letters received in this case. It is also observed the handwriting appears similar to the other letters received in this matter.

The original letter is being examined by the FBI Laboratory and the Identification Division and copies of same and results of such examinations will be forwarded to your office. You should furnish one copy of the letter to Secret Service, Seattle along with the results of the laboratory and Identification Division examinations.

In view of the continued mailing of letters by the unsub to various persons in public office, you should insure that imaginative investigative activity is being conducted by your office to identify the unsub at the earliest opportunity. As requested by the Bureau airtel 3/2/65, the Bureau desires to know the results of the current investigation. Handle.

ReBuairtel 3/8/65.

Mr. William C. Hunt, Chief, Security Services Division, Office of the Secretary of Defense, furnished to the Bureau an undated letter addressed to Secretary of Defense Robert McNamara which was in an envelope postmarked Seattle, Washington, A.M., 1 Mar., 1965. The envelope bears the return address of Dave Willingham, 804 Virginia Street, Seattle 1, Washington. This letter, handwritten in ink, appears to be similar to other letters received in this case based on both the handwriting and the tenor of the letter itself.

W

The original letter is being examined by the FBI Laboratory and the Identification Division and copies of same and results of such examinations will be forwarded to your office. You should furnish one copy of the letter to Secret Service, Seattle, along with the results of the Laboratory and Identification Division examinations.

From a review of the Bureau's file in this case, it is noted that this current letter written by the unknown subject constitutes the eighth such letter written by him to prominent Federal officials. It is further noted that since February 2, 1965, this is the fourth such letter the unknown subject has written to the victims.

Airtel to SAC, Seattle
RE: UNKNOWN SUBJECT, AKA., ET AL

It is noted that in your airtel of 3/5/65 you advise that the return address appearing on the letter addressed to Adlai Stevenson, postmarked 2/8/65, is an address for the Compass Center Lutheran Mission in the heart of Seattle's skidroad area. Based on the type of return addresses being utilized by the unknown subject, it would appear that most of such addresses are in the downtown area of Seattle and the possibility exists that this person is a wino or one who frequents and stays at missions operated by Churches, Salvation Army, etc.

Bulet of 3/10/65 set forth in detail key characteristics of the unknown subject's handwriting which should be utilized at such time as logical suspects are interviewed and specimens obtained. In this same regard, it would appear that the key to locating and identifying the unknown subject may well be found in handwriting examinations.

Accordingly, consideration should be given to concentrating on appropriate missions in the downtown Seattle area, including review of registers, employment applications, and similar-type documents which could result in the solution of this matter. You should also remain alert to the fact the unknown subject has now used three different names on the return envelopes other than Andy Jackson. It is pointed out the above comments are by no means all inclusive, and, of course, it is your responsibility to insure that appropriate attention is given to this investigation.

Within two weeks of the receipt of this letter you are instructed to furnish the Bureau detailed results of investigation being conducted by your office in an effort to bring this matter to a logical conclusion.

NOTE: Since March, 1964, a number of Government officials including Secretary of State Dean Rusk have received threatening-type letters all mailed in Seattle, Washington, and bearing either fictitious addresses or addresses where the individual not established to reside. This same individual has also been writing letters to the President, and our Seattle Office is maintaining close liaison with Secret Service.

The original letter to Senator McNamara was furnished to [redacted] Liaison Section, by Mr. Hunt on 3/19/65. Department of Defense placed the letter in a plastic envelope in order to protect any latent prints. b6 b7C

The original letter to Mr. McNamara is being routed directly to [redacted] in the Lab for appropriate examination and this letter should also be forwarded to Latent Fingerprint Section for examination. The Lab is requested to make 3 copies of this letter and forward to the Seattle Office with the ~~xxx~~ results of the Lab examination.

It is to be noted that from the above letters the one return address, 77 Washington Street, is the Compass Center Lutheran Mission; 212½ Blanchard is listed to the Lenora Apartments; and 804 Virginia is listed to the Virginus Hotel.

The indices of the Seattle Office, records of Seattle Police Department and records of King County Sheriff's Office have been checked to determine if any of the names used by unknown subject in the return address of letters written to victims in captioned matter have been checked with negative results.

On February 17, 1965 Special Agent [redacted] interviewed [redacted] at the Compass Center Lutheran Mission, who checked the files of that mission to determine if a ANDY JACKSON was known to have registered there. This check met with negative results.

On March 1, 1965 [redacted] of the Lenora Apartments, 212½ Blanchard, was contacted to determine if she had ever had any registrant in the apartment by the name of ED DAVIS and a check was made of the hotel register concerning the name of ED DAVIS or any variation thereof with negative results.

b6
b7c

On March 18, 1965 [redacted] furnished the hotel register, copies of which were made from 1961 to the present in order that they may be examined for handwriting purposes. [redacted] stated that the RAYMOND YATES had formerly resided at the Lenora Apartments but has been gone for over six months. She stated that there are approximately 30 rooms for rent in the Lenora Apartments and that they are rented mainly on a weekly or monthly basis. It was noted that the Lenora Apartments is a third or fourth class residence and that it is off the First Avenue area of Seattle which is submarginal rental. It was further noted that [redacted] spoke very limited English being a first generation [redacted] emigrant. She advised that her [redacted] had handled the rentals up until recently but he had been confined to bed with lung congestion and is too ill to be interviewed. It is noted that telephone number at the Lenora Apartments was Main 2-5744.

On March 31, 1965 Special Agent [redacted] interviewed [redacted] and [redacted] [redacted] at Virginus Hotel, 804 Virginia,

telephone Mutual 2-0089 and Main 3-9988. [redacted] and [redacted] stated that they are [redacted] and jointly [redacted] the hotel. They advised that they have never heard of any tenant in the hotel of DAVE WILLINGHAM. They voluntarily furnished the hotel register which register was copied from January 1 to March 31 and copies of this register are being forwarded to the FBI Laboratory for handwriting examination. Both [redacted] and [redacted] advised that they did not know of any tenant who was an inveterate letter writer. They stated that while many of their tenants are on relief and are often times behind in their payments, still they did not know any individuals by the names of ED DAVIS, JACK MONOHAN or ANDY JACKSON.

On March 22, 1965 Special Agent [redacted] contacted [redacted] Compass Center Lutheran Mission, 77 Washington, who checked his files to determine if any of the known names on the return addresses of victim letters might be known to him or if any of the registrants at the Virginius Hotel or the Lenora Apartments might be known to him. He checked his record and determined that a RAYMOND YATES was registered on September 10, 1963 having been born November 17, 1923 and being a truck driver - carpenter by trade. There was no record of YATES since September 10, 1963. A registration card of YATES was copied and is being forwarded to the FBI Laboratory for handwriting examination. His nearest relative was listed as [redacted] His Social Security number was listed as 403-28-1326.

The following investigation was forwarded by the Philadelphia office by communication dated March 15, 1965.

The Seattle Office advised that the Secret Service, Seattle, suggested as a suspect in this case, one FRANCIS JAMES ROGERS, inasmuch as ROGERS is being sought by the Secret Service as the author of a threatening letter to President JOHNSON. ROGERS was born July 8, 1922 at Sayre, Pennsylvania, and was described as a white male, 5'10", 250 pounds. He is U. S. Army veteran of World War II and has been assigned Veterans Administration number C3049662. Seattle requests at Philadelphia to review the Veterans Administration file pertaining to ROGERS at the Wilkes-Barre office of the Veterans Administration for the purpose of obtaining known handwriting of ROGERS to be forwarded to the FBI Laboratory for comparison with letters previously received in this matter. WASH.

[REDACTED]
Veterans Administration, Wilkes-Barre, Pennsylvania, on March 8, 1965, reviewed the Veterans Administration folder pertaining to FRANCIS JAMES ROGERS, number C3049662. The only known handwriting specimens contained therein were the following three items which are enclosed herewith for the Bureau's information:

- (1) A letter addressed Dear Sirs, dated February 1, 1945 signed FRANCIS JAMES ROGERS
- (2) VA form 572, dated April 28, 1942 containing signature FRANCIS JAMES ROGERS
- (3) VA form 2545, undated, containing signature FRANCIS JAMES ROGERS.

b6
b7c

These three items should be returned to the Philadelphia Office upon completion of comparison by the FBI Laboratory with letters previously received in this case.

[REDACTED] advised that ROGERS has been off the Veterans Administration rolls since 1956 when he failed to report for a physical examination. He had been receiving up to that time a ten per cent disability for a schizophrenic reaction condition. ROGERS' last known address, according to Veterans Administration files, was 101 Fulton Street, Sayre, Pennsylvania. As stated above, the FBI Laboratory, FBI Lab number D-469557IH, is requested to compare the known handwriting of suspect, FRANCIS JAMES ROGERS, with letters previously received in this investigation in the possession of the Laboratory. Upon completion of this comparison, the specimens should be returned to the Philadelphia Office which will in turn return them to the Veterans Administration, Wilkes-Barre, Pennsylvania.

There is being forwarded herewith 37 separate sheets for handwriting examination which are xerox copies of the following items:

8 pages of hotel register of Lenora Apartments;
1 registration card for EDWARD WILLINGHAM;
26 sheets of a hotel register for the Virginus Hotel;
1 registration card for RAYMOND YATES;
1 registration card for EDDIE DAVIS

For the information of Los Angeles office unsub has mailed a series of threatening letters to captioned victims as well as letters to President LYNDON B. JOHNSON and a Seattle city councilman. All were postmarked at Seattle, Washington. [redacted] Special Agent, Secret Service, Seattle, Washington, has advised that FRANCIS JAMES ROGERS was arrested at El Segundo, California on February 26, 1965 and is presently confined in the Los Angeles County Jail having failed to post \$10,000 bond.

The FBI Laboratory is requested to compare the signatures reflected in captioned submitted hotel registers or registration cards to determine if any of them compare favorably to the known handwriting previously submitted in captioned case. These handwriting specimens were obtained from the Compass Center Lutheran Mission, 77 Washington, Virginus Hotel, 804 Virginia Street, Seattle, Washington and from the Lenora Apartments, 212½ Blanchard, Seattle, Washington which are known return addresses furnished by unsub on various letters previously written to various captioned victims. is to be noted that the Hotel register for the Virginus Hotel was obtained from January 1 to March 31 and that the letter with the return address DAVE WILLINGHAM, 804 Virginia, Seattle 1, was postmarked March 1, 1965. It is further noted that the letter sent to DEAN RUSK was postmarked Seattle, Washington, February 26, 1965 with the return address ED DAVIS, 212 $\frac{1}{2}$ Blanchard Street, Seattle, Washington. The investigative effort has been directed to the comparing of registrations at the Virginus Hotel, Lenora Apartments and the Compass Lutheran Mission, 77 Washington, which is the return address which was given on other letters sent to captioned victims. It is believed that the unsub may have signed his true name at one of these places either prior or subsequent to the writing of the letter which letter contained a fictitious name. In this regard the hotel registers have been checked with negative results concerning the return address and name given on the particular letters. The name RAYMOND YATES on the card from the Compass Center Lutheran Mission is also found on the register of the Virginus Hotel. The name EDDIE DAVIS on the card of the Compass Lutheran Mission is the name used by unsub in the return address on the letter sent from 212 $\frac{1}{2}$ Blanchard, which is the Lenora Apartments. The name EDWARD WILLINGHAM found at the Compass Center Lutheran Mission have been submitted inasmuch as the name WILLINGHAM is an unusual name and was used with a first name variation on the letter submitted by unsub from the Virginus Hotel.

It is requested that after the examination is made the specimens be returned to the Seattle Office.

In covering the lead for obtaining additional handwriting samples from FRANCIS JAMES ROGERS the Los Angeles Office will be furnished with additional background information b6 in report of SA [redacted] at Seattle dated April 8, 1965. b7c

It is noted that Secret Service records, Los Angeles, contain the following employment record of ROGERS:

9/30/64 - 2/27/65	Standard Oil Company, c/o SS WASHINGTON, as an oiler
April, 1964 - September, 1964	Compass Mission, Seattle, Washington, as a Day Laborer
November, 1963 - April, 1964	Pan Oceanic Company, 6th and Broadway, New York, New York as an oiler
(No dates)	Lee Huston Snake Show, DeSoto Trailer Park, Tampa, Florida, as manager

He admitted to Secret Service that he was the author of a post card to the Chief of Police, Pittsburgh, Pa., in September, 1964, which contained a threat against the life of The President. He was arrested by Secret Service, Los Angeles, on 2/26/65 and arraigned before the U. S. Commissioner, 3/1/65. When interviewed on 4/15/65, he advised SAs [] and [] that he intended to plead guilty on 4/19/65. It is further noted he became emotional in discussing his case and cried on several occasions when he related the judge was unfair in denying him custody of his child. He indicated he has had mental aberrations.

A copy of this letter is furnished the Newark Office inasmuch as Newark considered ROGERS a suspect in their case captioned, "UNSUB; aka []; ADMIRAL DAVID L. MC DONALD - VICTIM; EXTORTION," OO: NEWARK (LA file 9-3224). It would appear ROGERS is not a logical suspect in this Newark case.

b6
b7C

Secret Service Agent [] advised that he strongly believes ROGERS is suffering from a mental illness, and if he had written any other letters threatening individuals, he would admit to these letters.

When interviewed by FBI Agents at Los Angeles on 4/16/65, ROGERS stated that he only sends post cards and does not write letters.

LA 9-3228

No further investigation is being conducted by this office in the above Newark case.

An FD-302 pertaining to interview of ROGERS will be furnished the Seattle Office.

NOTE: Since March, 1964, a number of Government officials, including Adlai Stevenson have received threatening-type letters which not only threaten the individual recipient, but also President Johnson. All letters have been mailed in Seattle bearing fictitious addresses and utilizing addresses where the individual has not been established as residing therein. We have been

maintaining close liaison with Secret Service as the President has also received letters from this same unknown person.

The Laboratory requested to make appropriate copies of the letter in question and forward same to the ~~Seattle Office~~ along with results of the Laboratory examination.
